Jimmy and Cathy Thurman
All-American Roofing and Restoration
18970 Diamond Lake Road South
Dayton, MN 55374

Dear Jimmy and Cathy:

I wanted to reach out and thank you both personally for agreeing to complete some emergency repairs to the home of one of our Minneapolis plant employees. Thanks to you and your team, a member of the GAF family now has the peace of mind that comes with knowing their home is safe and secure.

When our Minneapolis team reached out to you for help, you unhesitatingly agreed to come to the aid of a community member in need. Indeed, your commitment to service extends far beyond GAF -- I understand that you've volunteered your time and talents to the Minnesota community many times -- and your reputation for generosity is well-deserved.

I understand that you would not accept any payment for your efforts to help our employee. I want you to know how thankful we all are -- not just for your commitment to GAF as a Master Elite, but for your dedication to helping members of our community when they need it most. I hope this small token of appreciation is a reminder of our gratitude for all you do. We're proud to partner with you to protect what matters most.

Brian Kimber
Executive Vice President, Sales
